Naples Money Management, LLC DBA The Naples Money Managers (“NMM”) may have received inaccurate initial cost basis information (information on securities acquired prior to the date NMM was engaged) on certain investments. Accordingly, realized gains and losses may not be accurate. You are encouraged to compare the account information in this report with the account information sent to you from your custodian and rely solely on the reports issued by the custodian of the assets.

Indexes, to the extent included in this report are referred to only because they represent indexes typically used to gauge the general performance of the securities markets. The use of these indexes are not meant to be indicative of the asset composition, volatility or strategy of your portfolio of securities. Your portfolio may or may not include securities which comprise the indexes, will hold considerably fewer than the number of different securities which comprise the indexes and engages or may engage in strategies not employed by the indexes. As such your portfolio should be considered riskier than an investment in the indexes. Furthermore, indexes are unmanaged, assume the reinvestment of dividends, do not incur management fees, costs, and expenses, and cannot be invested in directly.

Any information, opinions and views contained herein have not been tailored to the investment objectives of any one individual, are current only as of the date when drafted and may be subject to change at any time without prior notice. We do not have any obligation to provide revised opinions in the event of changed circumstances. This material should not be viewed as a current or past recommendation or a solicitation of an offer to buy or sell any securities or investment products or to adopt any investment strategy. All investing entails risks, including possible loss of some or all of the investor’s principal. There is no guarantee that investment strategies will achieve the desired results under all market conditions and each investor should evaluate its ability to invest and bear losses especially during periods of market downturns. Any targets listed herein are hypothetical goals and do not represent actual expected returns. No representation is being made that any account, product, or strategy will or is likely to achieve profits, losses, or results similar to those represented or discussed, if any.
